Crawford County Human Services Programs

This is an overview of various community programs and resources that you may be able to access in Crawford County. However, this resource guide is not all inclusive of every program in Crawford County. Rather it is geared to assist parents, caregivers and families to learn what programs and resources are available for children/adolescents/adults with behavioral/mental/physical health needs.

- **Children and Youth Services (CYS)**: CYS is a state-mandated, county administered program established to provide for the safety and wellbeing of children from infancy to age 18 or 21 years old if still attending school. The agency investigates cases of suspected child abuse and neglect brought to its attention and offers a range of services including identification, investigation, and case management. There are in home services provided for children and families that are CYS funded. These services include but are not limited to in home counseling, in home parenting, homemaking, supervised visitation, mentoring, intensive mentoring, drug/alcohol, family behavioral therapy, peer support advocacy program, and forensic evaluations. The goal of CYS is to preserve and strengthen families and to provide placement alternatives for children who cannot remain at home, and to reunite those families as quickly as possible following placement. All services rendered through CYS are based on confidential assessment of individual circumstances.

For general information contact a CYS Program Specialist:

*Ron Arnold (program specialist) at 814-333-7300 (# Extension 3639) or
Conni Calfo (program specialist) at 814-333-7300 (#Extension 3724) or
Colleen Groger (placement services) at 814-333-7300 (# Extension 3706) or
Deb Lesik, (Training Supervisor) at 814-333-7300 (# Extension 3685) or
Jaclyn Fike (CYS Program Specialist) at 814-333-7300 (# Extension 3703)*

SCREENERS:

*Tina McClay 814-333-7300 (# Extension 3660) or
Don Gabriel 814-333-7300 (# Extension 3651) or
Jenn Granat 814-333-7300 (# Extension 3676)*

- **Children and Youth Services Independent Living Program (ILP)**: The CYS Independent Living Program offers services to youth, ages 16-21 who are presently or have been in placement. The goal of this program is to assist youth with their transition to independence. The program offers needs assessments, an individual goal plan, life skills instruction, support, transition planning and aftercare assistance. New address is 592 Williamson Rd, Meadville, PA 16335. Phone: (814) 333-1070. Auberle is the agency providing services for this program. Auberle contacts are Aimee Plowman- aimeep@auberle.org; Ph. 412-902—4068 Ext. 6002; John Tully, IL Coach jonathan@auberle.org; Ph. 814-350-4106.

For general information contact: IL Program Specialist

Bryon Mushrush, 814-333-7300 (# Extension 3725).

- **Early Intervention (EI) Services (ages 0-3 years)**: Early Intervention is designed to help children who have developmental delays. **Referrals can be made by contacting Crawford County Human Services and asking to speak with the screening department.** This program evaluates five developmental areas to ensure the child is developing appropriately. These areas are physical

development, language and speech development, social and emotional development, self-help skills and cognitive development. Services offered by this program include speech, occupational and physical therapy, developmental specialist services and behavioral specialist services as well as nutritional counseling. These services are provided at no cost to the family, are voluntary and primarily provided in the home. If your child is involved in this program, the EI Service Coordinator can assist with linking your child to the next steps Early Intervention services offered through the IU (Intermediate Unit) for children ages 3 to 5 years old. **If someone is unsure if their child has a delay they can contact Barbara Clark for more information on the evaluation process. For general information contact Early Intervention Program Specialist: Barbara Clark at 814-333-7300 (# Extension 3607).**

- **Family Case Management (CYS/MH/ID FCM):** This service is a new concept in social services and unique to Crawford County. Family Case Management is a comprehensive service for families involved with dual services (CYS & MH or CYS & ID). Frequently, child behavior, neglect or abuse concerns that are referred to CYS are related to other needs within the family or individuals. Family Case Managers have small caseloads and are specially trained in both CYS and MH as well as ID care coordination. They work as partners with the family to ensure children are safe in the home and that all service needs of the family are met efficiently with minimal intrusion. The family has one case manager who can help them identify their needs and access services that empower them to successfully achieve their goals. This new program has already established a track record of reducing the amount of time families are open for services and the number of out-of-home placements. There is 24/7 on call coverage associated with this program.
For general information contact: Nathan Bailey, FCM Supervisor at 814-333-7300 (# Extension 3616).
- **Family Group Decision Making (FGDM):** Family Group Decision Making's purpose is to establish a process for families to join with relatives and friends to develop a plan to ensure that children are cared for and protected from future harm, in ways which fit their family's culture and situation. FGDM is a philosophical shift in practice from deficit-based planning to strength based, solution focused planning. FGDM extends the responsibility for child safety, wellbeing, and permanence to *families, communities, natural support systems and faith-based supports*. Formal supports (CYS, JPO, APO, paid providers, school officials, etc.) are involved in the process in order to help *support and guide* the family rather than dictate what the family will do to get out of the "system." Empowering families is preferable to controlling them. In FGDM, families have the opportunity to strengthen and utilize *their own* resources in order to rebuild and foster existing social support networks, form new connections. and forge effective partnerships with formal systems.
For general information contact a FGDM Program Specialist: Kelle Harry at 814-333-7300 (# Extension 3641) or Paul Beebe at 814-333-7300 (# Extension 3653).

- Forensic Boundary Spanner:** A service developed in early 2020, the Forensic Boundary Spanner primarily focuses on supports for individuals with serious and persistent mental illness or emotional disorders who are coming out of State Correctional Institutions and who require assistance with housing, connecting to local mental/physical health providers, benefits, employment, education, etc. Similar to Blended Case Management, it identifies strengths and supports and builds upon them so that the individual can transition successfully into community life, post-incarceration. The Boundary Spanner also assists the local courts in arranging for competency evaluations for individuals awaiting trial and competency restoration for individuals identified as incompetent to stand trial.
For general information contact: Julie Gunsallus, BCM Supervisor, 814-333-7300 (# Extension 3745).
- Hi-Fidelity Wraparound (HFW):** High Fidelity Wraparound (HFW) is a youth and family-guided process that is driven by team-based collaborative process for developing and implementing individualized plans for youth with behavioral health challenges and their families. It is a planning process that brings people together (natural supports and providers) from various parts of the youth and family's life. HFW provides two supportive team members for the family and youth. The Family Support Partner is designed to provide intensive levels of peer support for the family. The Youth Support Partner is unique and is designed to be able to support the recovery process and to achieve positive outcomes through direct support for the youth and young adults involved in the process. The Family Team process identifies strengths of the youth and family, setting goals, and identifying changes the family and youth want. The team brainstorms options and designs strength-based strategies to help the family make progress.

 - Anyone can make a referral for High Fidelity Wraparound! There is no fee for HFW to help. A diagnosis of Autism is exclusionary criteria for High Fidelity.
 - HFW is ideally a good fit for children and youth **a)** ages 8 to 21 **at b)** high risk for placement outside the home or a youth returning from placement **c)** who have a mental health diagnosis and **d)** more than one type of child servicing system involvement.

For general information please contact: Rick Schiffer, HFW Supervisor at Mars Home for Youth, 814-671-2304 or rschiffer@mhyfamilyservices.org
- Integrated Intake: (814) 724-8380 or 1-877-334-8793**
 If you are not sure how to access outpatient, psychiatric or other mental health services, a phone call to Crawford County Human Services' **Integrated Intake** is a good place to begin your journey. An Integrated Intake worker will evaluate your individual mental health needs by completing a bio-psychosocial assessment. Appropriate recommendations and referrals are made as a result of this assessment. The Integrated Intake worker is responsible for following the consumer through the course of their services and assuring a continuity of care.
For general information contact Program Manager: Sheila Thornton at 814-333-7300 (# Extension 3633)

- Intellectual Disabilities (ID) Supports Coordination (SC):**
 This program provides supports coordination for people with intellectual disabilities in Crawford County. SC services are based on eligibility, which is determined by a full-scale IQ score of 70 or below. An ID intake can be completed through the Crawford County Human Services **Integrated Intake** program. They will assist the individual/family in securing the necessary documentation to determine program eligibility. Once a determination is made the supports coordinator will assist the individual/family in locating needed services within their community, which may be community or county funded services. The SC will develop an Individualized Support Plan (ISP) that will coordinate and monitor all services and supports the individual is receiving. This may include services such as habilitation (life skills) services, vocational services, or residential (group or family living homes) supports.
***For general information contact an ID Program Specialist:
 Megan Bartic at 814-333-7300 (# Extension 3614) or
 Kim Zappia at 814-333-7300 (# Extension 3705) or
 Jill Gillette at 814-333-7300 (# Extension 3626)***
- Mental Health Blended Case Management (serving both children and adults):**
 These services are designed to assist adults, adolescents, and children with serious and persistent mental illness or emotional disorders. In order to be eligible for the service, the person being referred must have a mental health diagnosis as determined by a psychiatrist, physician, or licensed psychologist. Case Managers support individuals/families to gain access to needed resources such as housing resources, assistance benefits, social security income, medical, social, mental health, employment, educational, legal, and other related services. The program involves frequent contact and provides emergency 24/7 on call coverage. The program is based on individual strengths focusing on improving natural supports, independent living skills, and reducing the need for hospitalization or placements outside of the home. BCM does not replace any existing services, but helps monitor and improve service coordination.
***For general information contact: Julie Gunsallus, BCM Supervisor,
 814-333-7300 (# Extension 3745).***

***Parent to Parent of Pennsylvania-** (This program is not CCHS affiliated). Provides service coordination to infant/toddlers and preschool. Also provide one on one match for phone support to the parent, grandparent or caregiver who has the child (any age) in their care. They connect families of children and adults with disabilities or special needs throughout their journey. Judy Campbell, Northwest Regional Coordinator; email nwregion@parenttoparent.org; 724-923-1858; PH. 1-888-727-2706
 web: www.parenttoparent.org
- Mental Health Respite Program for Children:** This is a program that is open to children 21 years of age and younger, the child must be involved in enhanced mental health (i.e. IBHS, FBMH, or MST) services and there must be an inadequate supply of natural or informal resources. There is a limited number of respite vouchers available. As a parent/guardian you have the right to choose who will provide your respite care. All respite care givers must have Act 33/34 and FBI clearances in order to be financially reimbursed through this program. Only one set of clearances will be purchased with the allotted respite money. If you are

not going to use your allotted respite money, please let the review committee know as there are other needy families that can use it. The parent/guardian assumes all liability when utilizing respite services and must adhere to all policies of the program. Children who do not qualify include those who are in acute mental health crisis and require more intensive services. Youth Advocate Programs also has identified MH Respite homes if the family cannot find someone they would like to use for the MH Respite care.

For general information contact:

MH Program Specialist, Stephanie Ace 333-7300 (# Extension 3674) or CASSP Coordinator John Debevec at 814-333-7300 (# Extension 3694)

****Respite events:** New Beginnings Church of God- 13226 Leslie Rd. Meadville PA, 16335; 724-5074; New Beginnings Respite Event is provided once a month for 2.5 hours for families who have children with special physical, intellectual, behavioral or emotional needs or special circumstances such as foster or adoptive families. All ages are welcome, along with their siblings. Each guest is paired up with a buddy for the night and enjoys an evening of gluten free, casein free snacks, appropriate games, crafts and fun. Parents enjoy a night off and we get a chance to love on your child. Pre-registration is required and available via our website www.newbeginningschog.com and our **Whosoever Ministries New Beginnings Church of God Facebook Page**.

- **Student Assistance Program:** This is a program of assessment, referral, and brief intervention that aims to identify troubled students and connect them with supportive services available within the school or community. Students who receive help dealing with pressing personal concerns will be able to focus their remaining energy more efficiently on their schoolwork and the important tasks of developing academically, socially, and emotionally. When this service is offered in the school environment up to 40 minutes of individual counseling can be provided per week. Students that are “at risk” may be experiencing such things as: stressful family situations, bullying, drug/alcohol concerns, behavioral problems and/or pregnancy and are appropriate referrals.

For general information contact: The guidance counselor at your local school district. School contact numbers are located at the end of this document.

OUTPATIENT MENTAL HEALTH

This is an office-based treatment that is provided in an individual, family, or group format. Services may include psychiatric evaluation, psychological evaluation, psychotherapy, and medication management. Treatment plans are individualized based on strengths and needs. This is considered to be the least restrictive, least intrusive therapy. You may see outpatient counseling as a recommendation from an independent prescriber (psychologist/psychiatrist/medical doctor) prior to entering or discharging from IBHS services. There are many providers that offer this particular service in our area. **For a listing of current providers, you can contact Crawford County Human Services 814-724-8380.**

For general information contact: MH Program Specialist Stephanie Ace at 814-333-7300 (# Extension 3674).

SPECIALIZED outpatient therapy:

Trauma Focused Cognitive Behavioral Therapy: Evidenced-based treatment intervention program for children and adolescents 4-18 years of age and their parents with the focus on overcoming the adverse effects of traumatic life events. The program was designed for young people who have developed significant emotional or behavioral difficulties following exposure to a traumatic event (i.e. grief/loss, separation/divorce, physical abuse, domestic or community violence, motor vehicle accidents, tornadoes, hurricanes, industrial accidents, fire, or terrorist attacks.) Services generally last 12-16 weeks, but may continue longer if deemed necessary due to the individual's needs. Treatment includes weekly 60-90-minute sessions. This service is provided to children even if they do not meet full diagnostic criteria for Posttraumatic Stress Disorder (PTSD). This program is also funded by Beacon Health Options if you have active and eligible Medical Assistance coverage for behavioral health. This program is provided by Parkside Psychological Associates, LLC. (814) 807-0861;

**Website that you can look up "Certified TF-CBT Therapists" by city, zip code, etc.

****These services are offered to both children and adults. Self-referral to this program can be made provided the consumer is Beacon Health Options/ MA eligible. Provider will also accept CCBHO as well as private insurance. Self-referrals can be made by contacting Parkside Psychological Associates at 814-807-0861 or utilizing the email referrals@parksidetherapy.com.**

Chaperone Parenting Program: Individuals who have successfully completed the Parents and Partners work may apply for acceptance into Chaperone Training programming. This programming has the goal of equipping an individual with the

knowledge, understanding and skills to effectively chaperone a specific adult who in the past has sexually offended when in contact when that person is in contact with vulnerable individuals (typically children). This work is done in individually sessions, typically with the person who offended and his/her treating therapist.

Successful completion of Chaperone Training is based on a professional evaluation of the individual's ability to act to protect children as a chaperone and not dependent solely upon completion of a specific number of sessions.

Healing Pathways- Provides evaluation and therapy for children, adolescents and their families who have been victimized and/or are displaying sexually inappropriate behavior.

Family Resolutions- Evaluation and treatment to children and adolescents and their families following allegations or known incidents of sexual abuse within the family when contact and/or reunification is being considered.

Non-Offending Parent/Caregiver Treatment: This treatment is designed for caregivers of a sexually abused child when the (alleged) offender was a partner or when this parent/caregiver's behavior placed a child in their care at significant or repeated risk of sexual victimization. This work typically spans 8-20, 1-hour sessions. Additional sessions may be required for parent/caregivers who are in denial regarding the allegations of abuse, or who themselves were sexually victimized. This work is typically done in individual sessions unless there are sufficient referrals to facilitate a group. Successful completion of Non-Offending Parent treatment is based on a professional evaluation of the individual's ability to adequately demonstrate the ability and willingness to meet the following goals and objectives and not dependent solely upon completion of a specific number of sessions.

Parents and Partners Treatment Programming: This programming is for the friends, family, and community support individuals of adults who have sexually offended. The aim of treatment is on developing the knowledge, understanding and skills to effectively support the rehabilitation of the individual who in the past has sexually offended and is now actively engaging in treatment. This work is typically conducted in individual/family sessions but may be conducted in a group format when the need arises. Having at least one support person who has completed this programming is an expected goal of all clients in the CART treatment program.

***For general information contact: CASSP Coordinator,
John Debevec at 814-333-7300 (# Extension 3694).***

EMDR Therapists:

Lorie Askins (Masters level counselor) 124 Meadville Street Suite 218 Edinboro, PA 16412 814.240.2955

Jaqueline Jaros (Masters level counselor) Davis counseling services 689 North hermitage Road Suite 4 Hermitage PA 16148 724.983.1940

Catherine Stahler (Psychologist doctoral level) Orenda Counseling Center LLC : 1386 Old Freeport road Suite 1AF Pittsburgh, PA 15238 412.406.7052

Outpatient Drug and Alcohol Services:

****Self-referrals can be made for outpatient D/A counseling, provided the member is Beacon Health Options/MA eligible or has private insurance.**

This service can provide outpatient drug and alcohol assessment and counseling which could include levels of treatment for individual, group, intensive, or inpatient treatment. The program also assists with court ordered treatment through CYS, Juvenile Probation and Adult Probation to assure clients follow through with court ordered services. Drug and Alcohol also has access to a variety of other services available and refers people as needed to those programs. D/A also offers certified recovery specialist services.

Contact Information: Crawford County Drug and Alcohol Office at 814-724-4100.

Creating Landscapes Summer Program: This community-based program is offered through the summer and provides activities through song, rhythm, dance and movement. Allegheny College/Summer Landscapes Box 25, 520 North Main Street, Meadville, Pennsylvania 16335. Creating Landscapes Learning Center - 596 Chestnut Street, Meadville, Pennsylvania 16335. <http://creatinglandscapes.org/summer/index.html> The contact person is Jan Hyatt- jan@creatinglandscapes.org

Child and Adolescent Psychiatric Partial Hospitalization:

Bethesda Children's Home offers a school-based Partial Hospitalization Program that works in conjunction with the Intermediate Unit #5 (IU5). IU5 oversees the education and provides an emotional support teacher for the educational component. The program services clients who are ages 6-18 years old. Clients accepted to the program attend weekdays from 8:30-2:30 p.m. Comprehensive psychiatric services are provided at the site by a licensed psychiatrist who oversees the psychiatric needs and mental health treatment for the clients who need this level of mental health care and/or medication management services. In order to receive this service, it must be recommended by a psychiatrist. Dr. Bill is the current attending psychiatrist and the clinical director of the program is Dr. Brittany Mears. Summer Partial programming is also offered. They also offer acute partial services.

**For general information contact: CASSP Coordinator
John Debevec at 814-333-7300 (# Extension 3694)**

Family Based Mental Health (FBMH):

This is the most intensive, comprehensive in-home service that addresses MH issues. The program is offered to children that are "at risk" of placement. A licensed psychologist, psychiatrist, or physician must prescribe these services. FBMH services are team delivered with a focus on structural family therapy. The highest priority is to preserve the family unit by creating a safe and healthy family environment, which will prevent psychiatric hospitalization or out-of-home placement of a child or adolescent with emotional disturbances. When appropriate, the FBMH program assists in reuniting families whose child or adolescent has been placed outside of the home. Utilizing intensive treatment as well as partnering with various other child serving programs and agencies that may be involved with the child and family will accomplish this. It may be necessary to make referrals to other such programs if they are appropriate and not already involved. There are two therapists that work with the child and family. One therapist is a Master's level clinician and the other is a Bachelor's level clinician. There is a 24/7 on call piece for crisis intervention services. The service can last up to 8 months or longer depending on the client and families' individual need or progress made. FBMH can begin working with a family that has a child in placement 30 days prior to the child's discharge from the placement. The providers of this service are the Achievement Center

of LECOM Health (814-724-1331 Bill Gunsallus- BillGunsallus@AchievementCtr.org) and Family Services of NWPA (Erin Blashock, Program Director at Family Services (814) 866-1672-direct; 814-724-4800 ext. 672- work; (814) 724-5181-fax; or eblashock@fswpa.org). Family Services of NWPA also offers “**Specialized FBMH**”. This is a program designed for children to remain in their current environment while addressing victimization and deepening understanding of the impact of sexual abuse for the child and family as a whole.

Mailing Address: 716 East 2nd Street, Oil City, PA 16301

Residential Mental Health Treatment

Therapeutic Family Care (TFC) / (Community Residential Rehabilitation – CRR):

CRR (also known as therapeutic family care) is the provision of support 24 hours a day to children/adolescents in an appropriately licensed home with highly trained adults who have been specifically trained to care for children with serious emotional disorders. The goal is to stabilize the behaviors of the child so that they may be transitioned to their natural family or other less restrictive settings as quickly as possible. CRR level of care must be deemed medically necessary and recommended by a licensed psychologist or psychiatrist.

For general information contact:

CASSP Coordinator, John Debevec at 814-333-7300 (# Extension 3694).

Residential Treatment Facility: This is the most restrictive form of MH care available and must be recommended by a psychiatrist. This program addresses emotional and mental health needs ranging from depression, aggression, anger, rejection, eating disorders, trauma and abuse, school issues, and drug and alcohol abuse in a 24-hour staff secure residential placement setting. Treatment is provided during all aspects of the child’s daily life, with individual and group therapies and intensive psychiatric services. Family sessions are also encouraged to work on family dynamics and the child’s return to their natural home setting if possible.

For general information contact:

CASSP Coordinator, John Debevec at 814-333-7300 (# Extension 3694).

Crisis Intervention Services:

- **Mental Health Crisis Line: (814) 724-2732 or 888-275-7009.** For assistance when a person is experiencing a mental health crisis, may need hospitalization or is a threat to himself, herself or someone else. Crisis Line staff are trained to recognize needed, on site intervention and then dispatch the appropriate services. **Bill Davis is the Supervisor of the Mercer County Behavioral Health Commission Crisis Services which provides crisis service to Crawford County.**
- **Child Abuse Hot Line: 1-800-932-0313 or Crawford County Integrated Intake – (814) 724-8380 to report suspected child abuse and/or neglect.**
- **LIFELINE: (National suicide prevention crisis line) 1-800-273 TALK (8255)**
- **Crisis Text Line: Text ‘Go’ or “NAMI” to 741741**
- **Inpatient Hospitalization:**
Provides 24-hour medical and clinical care for persons with serious mental illness or children with emotional disturbance/behavioral issues. On site individual and group therapy, psychiatric and medication services are provided in a safe and therapeutic environment.

Intensive Behavioral Health Services (IBHS):

Intensive Behavioral Health Services (IBHS) are interventions and supports for children, youth or young adults under the age of 21 with mental, emotional or behavioral health needs. They can be provided in the home, school or other community setting. IBHS services include Individual Services, Applied Behavior Analysis Services (ABA), Group Services, and Evidence-Based Treatment (EBT) provided through **Individual Services, ABA Services, or Group Services**. IBHS must be prescribed through a written order by a licensed physician, licensed psychologist or psychiatrist, certified registered nurse practitioner, licensed clinical social worker, licensed professional counselor, licensed marriage and family therapist, or other licensed professional whose scope of practice includes the diagnosis and treatment behavioral health disorders. Services prescribed for *IBHS Individual Services* are Behavior Consultation (BC), Mobile Therapy (MT), Behavioral Health Technician (BHT)-formerly known as (TSS), and MST. The *ABA services include* Behavior Analytic (BA) Services or Behavior Consultation-ABA (BC-ABA) Services, Assistant Behavior Consultation-ABA (Asst. BC-ABA) Services, and Behavioral Health Technician-ABA (BHT-ABA). *Group Services* can include Group ABA, School-Based Programs, After School Programs, Parent-Child Interaction Therapy (PCIT), Family Functional Therapy (FFT), and Summer Therapeutic Activities Programs (STAP). The Evidence Based Programs include Multi-Systemic Therapy (MST or MST-PSB problem sexual behavior), Functional Family Therapy (FFT), and Parent Child Interaction Therapy (PCIT). The goal of treatment is to create an environment in which the child and family can learn and realize transference of skills to achieve optimum success by providing individualized treatment and support. These goals are accomplished through individual therapy with specific outcome-based goals, psycho-education, behavior modification, mentoring and modeling. Specialized school-based services are also offered in the PENNCREST attendance area by Family Services of NWPA - Cambridge Springs (PROJECT SOAR program) and Maplewood (PROJECT ROAR), as well as Crawford Central attendance area by Associates in Child Counseling and Guidance – (SMART program).

For general information contact:

County Representative, Jason Field 814-333-7300 (# Extension 3637). –OR–

CASSP Coordinator, John Debevec at 814-333-7300 (# Extension 3694).

Multi Systemic Therapy (MST): Referral sources include CYS, JPO, Mental Health Professionals, or schools. **MST now falls under the new IBHS program.** The target population is 10 to 17 year-old incorrigible youth. This program targets a very specific population. Defiant youth fit the best for this program. The program addresses delinquent behavior, parent/child conflict, physical and verbal aggression, curfew violations, negative peer association, substance use, theft, truancy, and school behavior problems. There is a strong emphasis placed on family and parent sessions, and the parent making and maintaining changes. Individual sessions are rare. Seriously mentally ill or intellectually challenged youth will not succeed in this program if their behavior is driven by their illness. Youth who lack a stable living arrangement may not be appropriate for

this service. This program provides 24/7 on call coverage. **MST-PSB (Problem Sexual Behavior)** and traditional MST is offered through Family Services of NWPA. This program explores sexual offenses/problematic sexual behaviors with or without other anti-social behaviors. At least one caregiver believes the behavior(s) occurred and is invested in working through the concerns with the client. MST Supervisor through Family Services of NWPA is Patty Currington– Ph. 814-866-4652 -or- pcurrington@fsnwpa.org; Fax for Crawford and Mercer County: 814-866-4652.

For general information contact:

CASSP Coordinator, John Debevec at 814-333-7300 (# Extension 3694).

United Faith Fellowship Church of God at 561 State Street in Meadville also has a Food Pantry - no income checked but a form does need to be completed once a year. Food Distribution is on the Third Thursday of each Month between 4pm and 5pm. At this time it is asked that you stay in your car and pull up in front of the white house behind the church on Mohican Alley, someone will come out to you and get your information and give further instructions. During the COVID-19 restrictions, distribution has been starting earlier in the day as they are able to avoid having people lined up.

- CALL SECOND HARVEST AT 459-3663 IF YOU NEED HELP FINDING AN ALTERNATE PANTRY.
[Supplemental Nutrition Assistance Program \(SNAP\)](#): Formerly known as food stamps, SNAP provides assistance to low-income and working Pennsylvanians,

allowing them to purchase produce and groceries for themselves and their family. SNAP helps more than 1.8 million Pennsylvanians, including about 700,000 children, about 690,000 people with disabilities, and about 300,000 older adults, expand purchasing power to ensure their household has enough food to avoid going hungry. SNAP is issued through a monthly payment to an electronic benefit transfer card, and benefits are based off income and household size. People can apply for SNAP online at www.compass.state.pa.us online at any time.

- [Senior Farmers Market Nutrition Program](#): This program runs from June 1 through November 30 each year. Seniors must be 60 or older by December 31 of the program year and have income at or below 185% of the U.S. poverty level. Eligible seniors should call their county Aging office for information on distribution of vouchers. Vouchers are distributed on a first come, first serve basis.
- [WIC Farmers Market Nutrition Program](#): This program runs from June 1 through November 30 each year, and recipients must be on the WIC program to receive this benefit. Children 1-year and older, and pregnant/post-partum women will receive vouchers for the program during their quarterly WIC visit (May through September).
- [Commodity Supplemental Food Program](#): Eligible participants include individuals who are at least 60 years old and whose household income is at or below 130% of the U.S. poverty level. To qualify, individuals must complete an application with proof of income. Questions about where/how to access this program can be directed to the Department of Agriculture's Bureau of Food Assistance by calling 1-800-468-2433 or emailing ra-fooddist@pa.gov.
- [Special Supplemental Nutrition Program for Women, Infants, and Children \(WIC\)](#): Women who are pregnant or have had a baby in the past six months, or twelve if breastfeeding; infants and children under the age of five; and fathers, grandparents, and foster parents who are the legal guardian of a child under age five, may apply for WIC. WIC applicants must reside in Pennsylvania, have a medical or nutritional risk, and have a gross household income that does not exceed 185% of the U.S. poverty level.

In addition to applying for the benefits above, Pennsylvanians can receive immediate access to food resources by visiting a Feeding Pennsylvania or Hunger-Free Pennsylvania member food bank. Pennsylvanians out of work and without pay as a result of COVID-19 are [eligible to receive](#) state and federally sourced foods from Pennsylvania's food banks and pantries.

Early Intervention—Ages 3-5: A screening and evaluation process will be conducted to evaluate your child's educational needs for specialized services or an I.E.P (Individualized Educational Plan). This service will take referrals for children 2 years + 10 months up to the date they are age-eligible to enter kindergarten in their school district. The IU can assist the parent in setting up a "transitional meeting" prior to the child entering kindergarten if specialized services are needed. When an IEP is written, they will decide how to implement the IEP in a variety of placement settings such as: daycare and/or private preschool, head start, special education settings or approved private schools. Children will be served in the least restrictive environment appropriate to meet their individual needs. **Intermediate Unit services can be provided up to 21 years of age depending upon what educational adaptations need to be made to the individual child's curriculum.
