

## Shadow's Force

Shadows Force is a "Party Rock" band based out of the NW PA region. And what do we mean by party rock? Anything that makes you feel good to wanna get on up and fill the dance floor! The group consists of four veteran rock n rollers that specialize in live entertainment and performances of new original music and popular cover tunes made famous from the 1970's through today. Formed in 2004, the members of this powerhouse have had the opportunity over their careers to work with such greats as Lynyrd Skynyrd, 38 Special, Blue Oyster Cult, Loverboy, Charlie Daniels, Molly Hatchett, and "The Outlaws".

"Shadows Force is unique and original. I loved the 80's & 90's melodic rock flavor of this band. The professional instrumentation, orchestration and overall musicianship is impeccable with crisp and clear leading vocals and solid backing vocals. Shadows Force has a great vibe and brings a wonderful energy to their music."
