

The Necessary Experience

If you are not familiar with our band and your first contact with us is online, please allow us to introduce ourselves. We are a collective group of music loving musicians. With a gourmet blend of energy and experience our performances have been labeled "inspiring" and "mesmerizing". The members of the experience have performed in many of the major cities across the USA and have been involved with some of the BIG names in our popular music culture. Together we have bonded a unique chemistry of passion, commitment, and vision. We look forward to the opportunities ahead and challenge the perception of what you expect from a band.

Beyond the popular belief of genres is a universe of endless possibilities. As passionate performers we approach every show as a new and spontaneous adventure, taking our audiences to thrilling heights and dramatic twists and turns. As Ray Charles once said in an interview there are only two types of music, good music and baaaad music. We only want to play good music and have the time of our life doing it. So come see for yourself, bring your grandma, bring your kids, or bring your best friend's dog. You are sure to be entertained and maybe even enlightened. For love and music are two powerful forces and when you love music the way we do.....the world may never be the same.
