

The Crawford County Commissioners met on Thursday, February 17, 2011 for a Public Hearing on the County Bridge Weight with the following present:

Robyn Sye	Chief Financial Officer
Owen Beachy	EADS
Francis Weiderspahn	Citizen
Gary Youngs	Citizen
Keith Bromley	Citizen

Mr. Watts talked about the Ordinance for the Crawford County Owned Bridges. He stated that the Crawford County Commissioners need to pass the Ordinance for the Weight limits postings on the County Bridges. Mr. Beachy stated that they would continue to check the bridges every two years, and that the Ordinance would not put any new weight limits on the bridges and that there would be no exception for the over weight vehicles that those vehicles would have to have a permit. If any weight limit posting change on any bridge the Ordinance would need to be amended.

Morris W. Waid, Chairman

Jack Preston, Commissioner
